Need a Barn Cat?

the Humane society
Tacoma & Pierce County

The Humane Society has cats who are ideal for farms, horse stables and barns, or other locations with outdoor shelter.

"Barn cats" may be feral, un-socialized, or otherwise unsuitable for adoption into a home. They can, however, thrive in a rural setting, where they discourage rodents and provide companionship for horses and other farm animals.

If you can provide shelter, and a regular supply of food and water, a barn cat may be ideal for you.

Interested? Email Patty Rusnak, Community Cat Coordinator:
pattyr@thehumanesociety.org

Barn Cats are **FREE** of charge, and are spayed or neutered, vaccinated, and micro-chipped.

The Humane Society for Tacoma and Pierce County 2608 Center Street, Tacoma, WA 98406
