Need a Barn Cat or "Back Yard Buddy"?

the Humane society
Tacoma & Pierce County

The Humane Society has cats who are ideal for barns, sheds, garages, farms, horse stables, or other locations with outdoor shelter.

Barn cats or "back yard buddies" may be feral, un-socialized, or otherwise unsuitable for adoption into a home. They can, however, thrive in a rural setting where they discourage rodents and provide companionship for horses and other farm animals. They are also ideal for suburban locations with sheds, garages or other shelter.

If you can provide shelter, and a regular supply of food and water, a barn cat or "back yard buddy" may be ideal for you.

Interested? Email Patty Rusnak, Community Cat Coordinator:
pattyr@thehumanesociety.org

Barn Cats are **FREE** of charge, and are spayed or neutered, vaccinated,

The Humane Society for Tacoma and Pierce County 2608 Center Street, Tacoma, WA 98406
